S I R :

This application is a continuation-in-part application of
International application PCT/JP02/00400 filed January 22, 2002.

Submitted herewith are the following:

- (1) a copy of the International Search Report (in English)
for PCT/JP02/00400;
- (2) copies of the two publications cited in the enclosed
International Search Report (WO 96/22276 and JP 50-35175);
- (3) copies of the publications described on pages 1 and 2 of
the specification; and
- (3) Forms PTO/SB/08A and PTO/SB/08B.

Each of the cited publications is considered relevant or material to the patentability of the present invention in view of the citation thereof in said International Search Report.

Said International Search Report is in English, thereby satisfying the requirements for a concise explanation of relevance for the publications cited therein.

It is respectfully requested that initialed copies of each of the Forms PTO/SB/08A and PTO/SB/08B be returned to the undersigned to indicate that the publications listed therein have been considered and made of record.

Respectfully submitted,
